

MOBILE CLINIC

The Leader Mobile Clinic was developed in consultation with health care services to offer a vehicle that can provide on-site medical care to non-emergency patients.

Leader's Mobile Clinic comes equipped with a motorized awning, protecting you from the elements. Inside the vehicle, you will find all of the amenities that would be in a general medical exam room.

The Mobile Clinic is outfitted with dual solar panels, which keeps the batteries charged to get you back on the road at the end of the day.

ERGONOMIC STYLE SEATING

Curbside interior with ergonomic seating with four-point harness belt system. Additional overhead cabinet storage and optional railing for adjustable IV arm and stirrups.

SINK & DUAL ZONE REFRIGERATOR

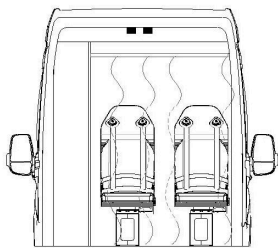

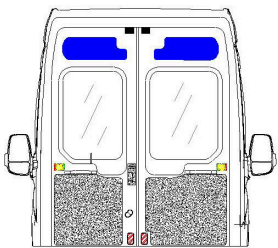

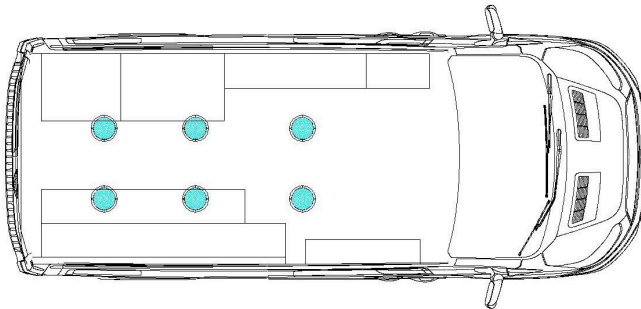

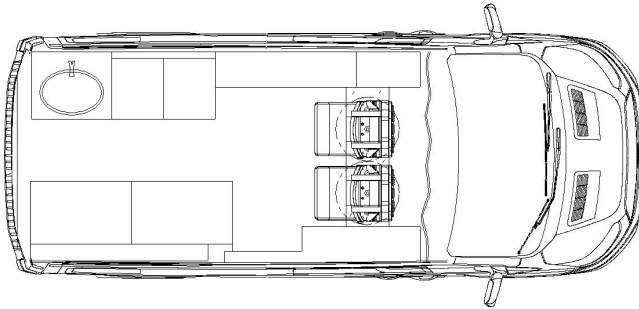

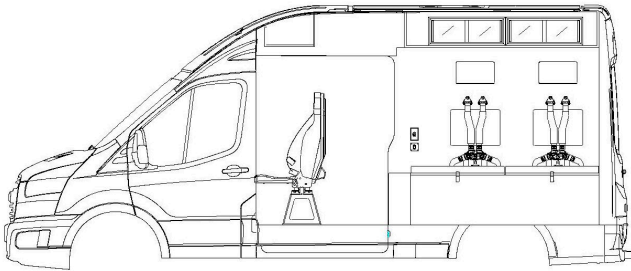

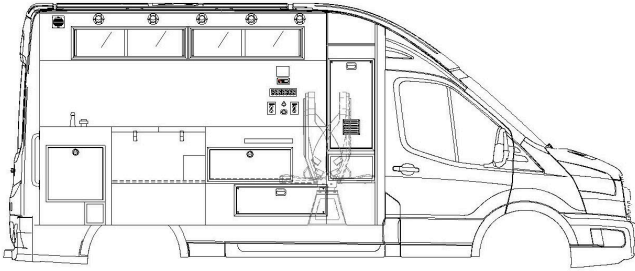

Streetside interior with RV type sink with 12V foot operated pump and grey water tank under vehicle. Dual zone temp controlled fridge and additional overhead cabinet storage.

DUAL FLIP UP SWIVEL SEATS

Dual flip-up 180° swivel seats with three-point harness belt system at side entry door for additional seating. Black hideaway curtain provided for privacy between cab and rear treatment area.
